

Brian Gayle

Brian Gayle is now on his third career adventure. The first began after having graduated the University of Illinois as a Registered Pharmacist and practicing that profession for more than a decade. Looking for more sunshine along with a new career, Brian moved to Florida where he earned a master's degree at the University of Florida in Computer and Information Sciences. For the following 20+ years, Brian remained in Florida and worked in the IT department for a large 3 Health System where SAS was a consistent and integral component to the IT environment. For the last 6 years, Brian has worked at SAS as a Technical Training Specialist teaching SAS Foundation programming courses.
