

SAS-to-Excel Tips for 25 June 2014

Submitted by LeRoy Bessler

Be sure to see Chevell Parker's discussion of some SAS to Excel matters in his paper in the Proceedings for the 2014 Wisconsin Illinois SAS Users Conference.

Also, see his demo today of the new SAS ODS Excel destination that is in early stages of development. It will obsolete all of the existing ODS ways to create reports that can be opened with Excel.

For Chevell Parker's latest paper devoted to SAS to Excel, see

<http://support.sas.com/resources/papers/proceedings14/SAS177-2014.pdf>

For the most comprehensive discussion of using the ODS TableEditor tagset to create pivot tables, see

<http://support.sas.com/resources/papers/proceedings12/146-2012.pdf>
